RE: Traffic Control Plan – 2018 Memorial Day Weekend

Dear Chief Prock:

Thank you for your letter regarding the traffic control plan developed by the Myrtle Beach Police Department for the 2018 Memorial Day Weekend.

As noted in the letter, the plan would primarily implement the following measures:

- One-way traffic flow on Ocean Boulevard between 29<sup>th</sup> Avenue North and 29<sup>th</sup> Avenue South from Friday, May 25, 2018 at 6:00 AM to Monday, May 28, 2018 at 6:00 AM
- Public access to Ocean Boulevard limited to 29<sup>th</sup> Avenue North, 21<sup>st</sup> Avenue North, Mr. Joe White Avenue, 9<sup>th</sup> Avenue North, 3<sup>rd</sup> Avenue South, 13<sup>th</sup> Avenue South, 17<sup>th</sup> Avenue South, and 29<sup>th</sup> Avenue South
- The traffic loop involving 29<sup>th</sup> Avenue North, Ocean Boulevard, Kings Highway, Harrelson Boulevard, US-501, SC-31, and Grissom Parkway; this loop would generally be in effect each night between the hours of 10:00 PM and 2:00 AM
- US-501 southbound traffic into Myrtle Beach routed to US-17 Bypass
- A speed limit of 25 mph on Kings Highway southbound at 29<sup>th</sup> Avenue North – 38<sup>th</sup> Avenue North and 24<sup>th</sup> Avenue North – 20<sup>th</sup> Avenue North

Based on the anticipated traffic volumes and potential for safety and operational issues, SCDOT has no objection to the traffic control plan as submitted. Please note that the City of Myrtle Beach will be responsible for providing, installing, and maintaining all traffic control devices. Also, all devices should conform to applicable SCDOT standards and guidelines. As with previous events, SCDOT will be glad to assist with engineering issues related to the plan.

Thank you again for your efforts to maintain the safety and operation of the transportation system during this event. If additional information is needed, please contact the District Five office.

Sincerely,

W. Kyle Berry  
District Engineering Administrator
